Agenda

1. Introductions
2. Stakeholder Committee roles and responsibilities
3. Review of Quality-of-Life priorities
 - **Grand Avenue** - Multimodal Transportation Improvements: As our community flourishes, so does the need for seamless multimodal transportation options. We're keen on transforming our corridor into a connectivity hub that serves our residents and those passing through [\(LINK\)](#)
 - **Housing** - We aim to provide short-term housing options to attract and retain talented individuals for key positions within our local government. This initiative ensures that Eagle can assemble and maintain an exceptional team to deliver essential services such as public safety, community development, and public works. [\(LINK\)](#)
 - **Sustainability and Net Zero** - Environmental stewardship is a top priority to achieve net zero carbon emissions internally by 2028 and community-wide by 2030. Sustainable initiatives will reinforce our community's dedication to environmental responsibility and yield lasting positive effects for future generations. NZ-28 [\(LINK\)](#) and NZ-30 [\(LINK\)](#)
 - **Open Space and Outdoor Recreation** - Preserving and enhancing our open spaces is crucial for maintaining our community's character and providing opportunities for outdoor recreation and wildlife habitat. Your insights on open space management plan [\(LINK\)](#) and spending from the Sales Tax Improvement Fund will contribute significantly to these endeavors. [\(LINK\)](#)
4. Review of funding options
5. Discussion on priorities
6. Next steps and future meetings
7. Adjourn
